“From the Caribbean Coast to the North Coast”

You'd never leave a moment unlived. Or hold off on a good experience. If anything, you search for it day and night because indulgence is your mantra. You take in the unspoiled beauty of nature and also enjoy the rhythmic momentum of modern luxuries. You find pleasure in watching day and night melt into one as the music moves your picture-perfect view. You dip your feet into the warmth of the minuscule crystals of the earth, touched by the foam of the Mediterranean's azure shores.

You refuse to leave because you know what you deserve. You know deep down that there's nowhere else to be. Silversands is not for everyone. But by the looks of you right now, it seems like it's made for you. We give meaning to the concept of feeling alive, experiencing bites of bursting flavors that make your senses tingle. Feel the sweet shimmers of blues waddle their way toward the shore beneath your feet. As the red-purple hues of the sunset rest down upon you, turning the distant view to tinted scarlet and violet.

Silversands North Coast is strategically positioned along Egypt's North Coast, offering seamless accessibility while remaining insulated from congestion and visual noise. The site enjoys proximity to established destinations such as Silvertown and Sidi Heneish, with direct access from primary roads and clear internal circulation.

Silver Walk Masterplan

The Art of Waterfront Living

Silver Walk brings a vibrant energy to the lagoon front, creating a lively destination where dining, leisure, and residential living come together along a dynamic pedestrian promenade. Framed by waterfront views, outdoor seating, walkways, and a sandy lagoon beach lined with seating areas, it invites residents and visitors to slow down, connect, and enjoy life by the water.

Above the promenade, residential units are thoughtfully integrated into the fabric of Silver Walk, offering homes that sit directly within the waterfront experience while remaining elevated from the activity below, balancing privacy with a strong connection to the lagoon and its surrounding energy.

Animated throughout the day and into the evening, Silver Walk fosters a unique sense of community where every stroll becomes an experience and every gathering feels effortlessly connected to the surrounding landscape. More than a destination, it captures the spirit of Silversands through a seamless blend of lifestyle, social energy, and waterfront living.

Silver Walk Masterplan

Silver Walk is thoughtfully designed to create a vibrant waterfront destination where residential living seamlessly blends with an active commercial promenade in a perfect harmony. Overlooking a lively active promenade animated by cafés, restaurants, shaded outdoor seating, and extending the social experience toward a sandy lagoon beach and the crystal-clear water, it offers a dynamic outdoor lifestyle set against the crystal-clear lagoon.

While the promenade offers a dynamic destination for residents and visitors alike, the residential experience remains private and exclusive, dedicated residential parking is thoughtfully separated from the commercial activity, ensuring residents enjoy enhanced privacy, comfort, and an exclusive sense of arrival.

Architecture

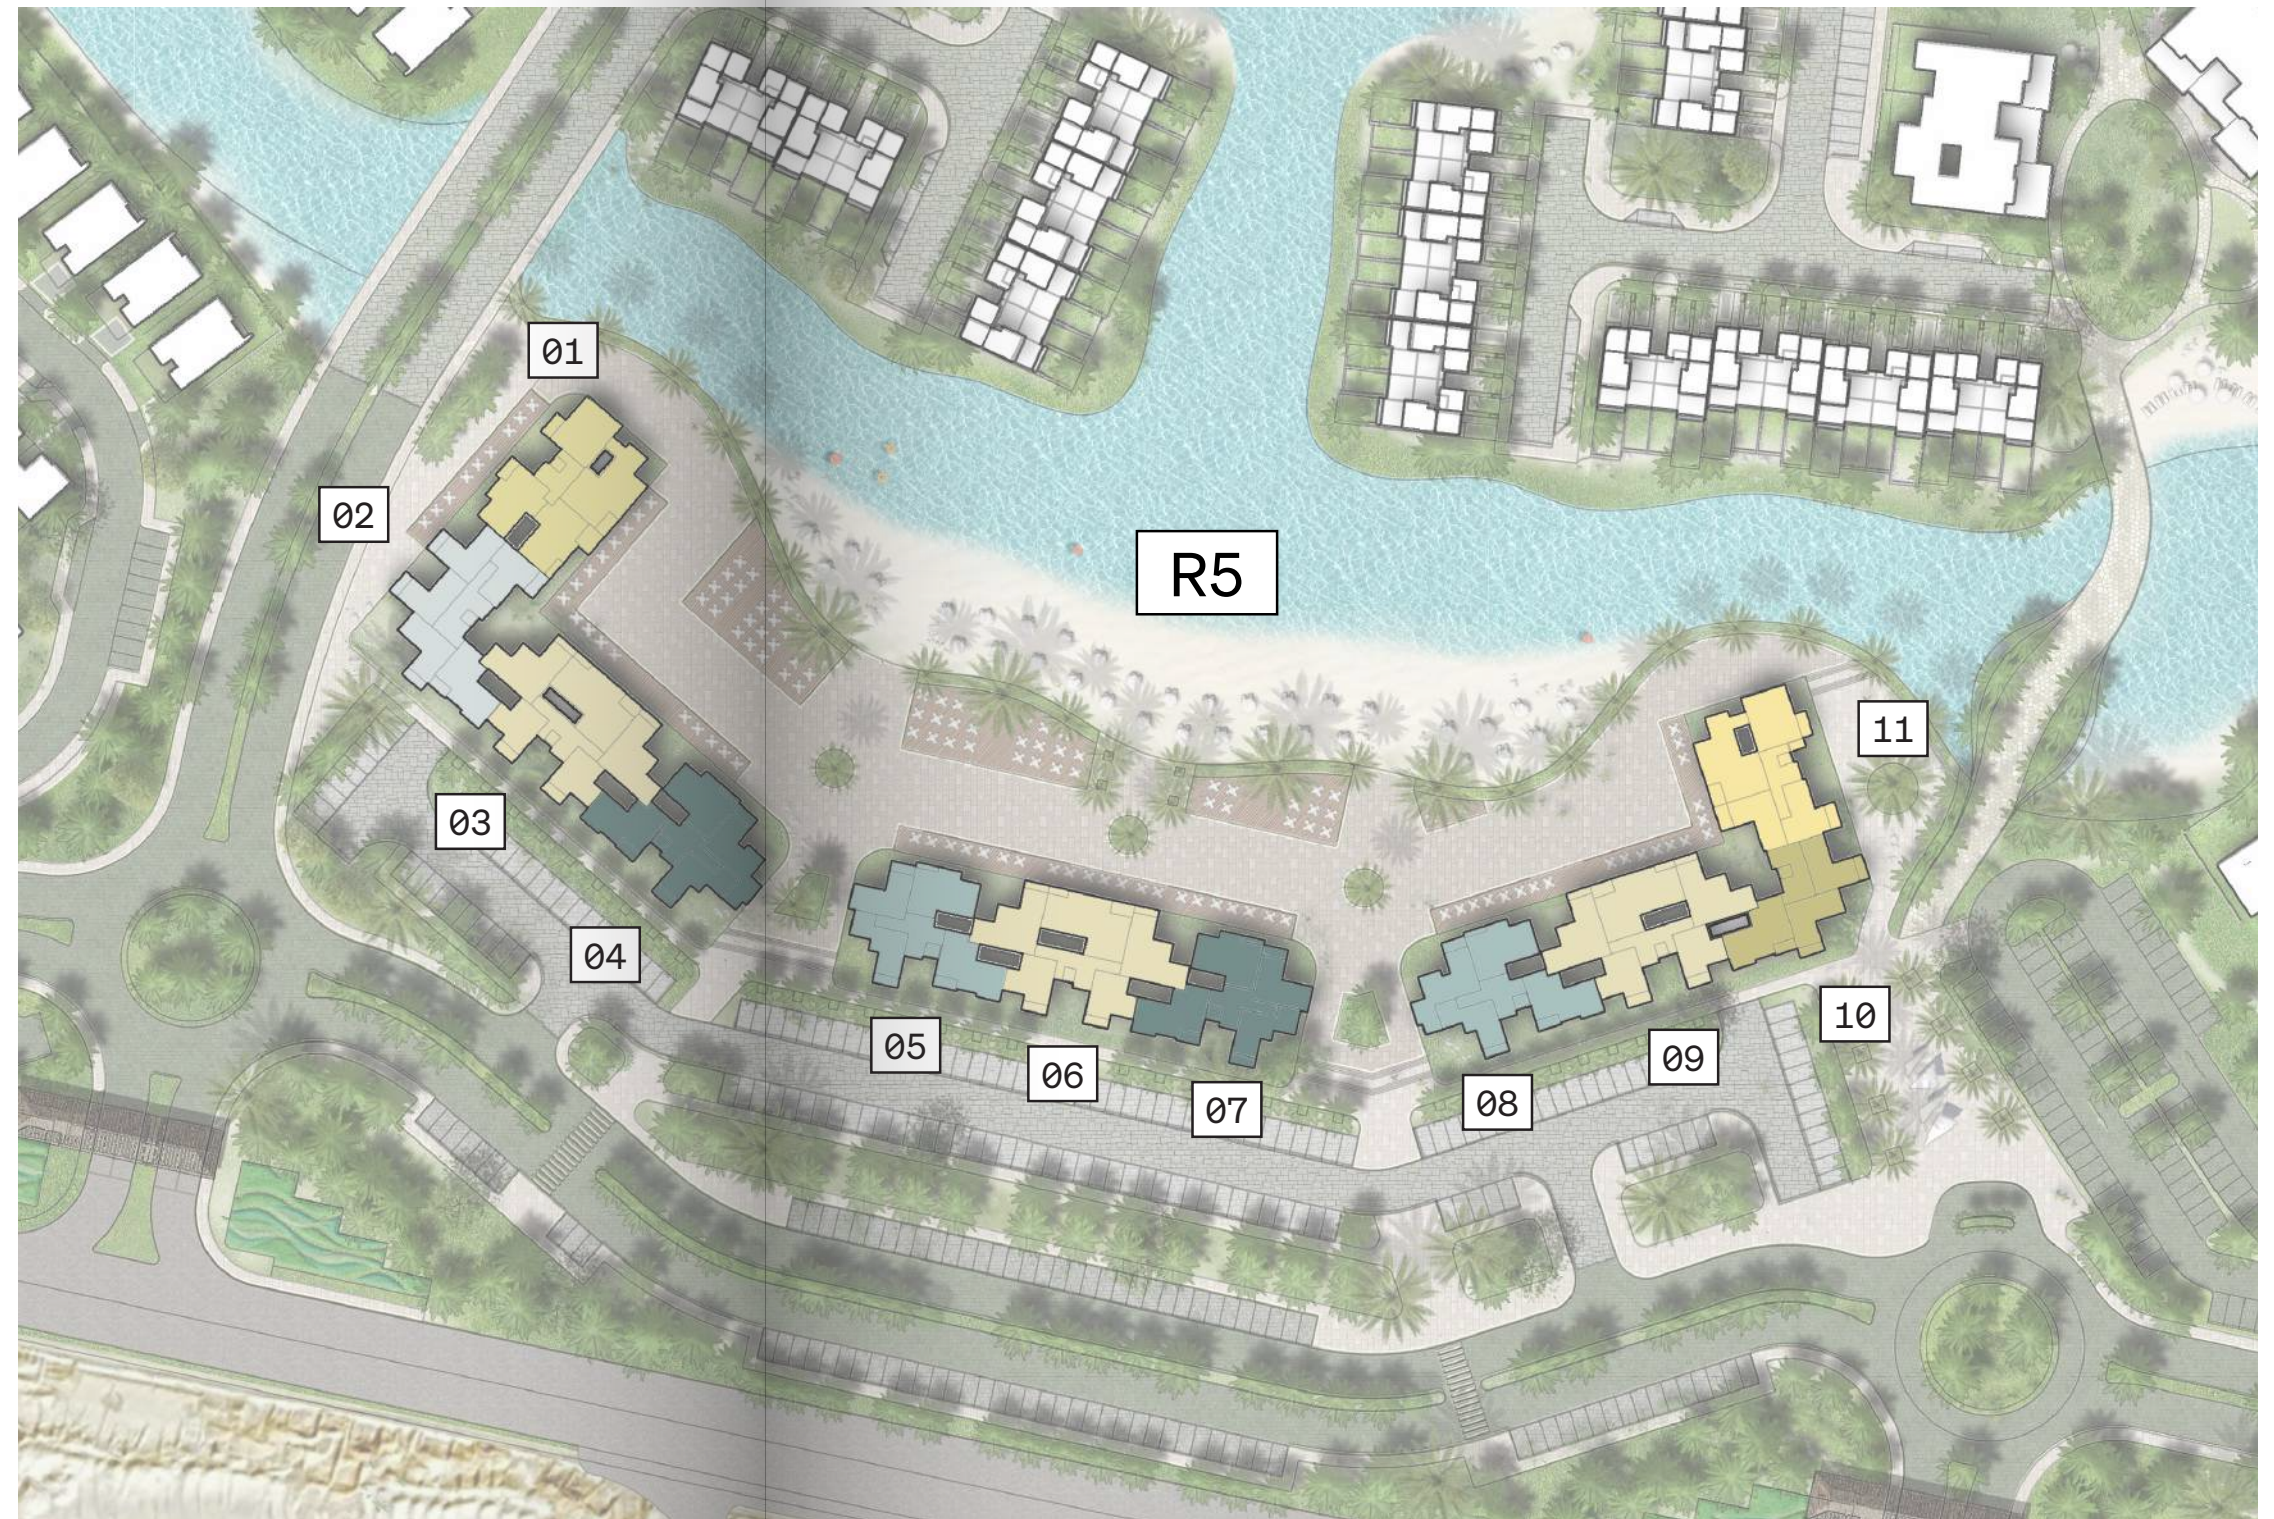

The architecture of Silver Walk is designed to elevate everyday waterfront living through a contemporary mixed-use concept that seamlessly blends vibrant public spaces with private residences. Terraces, generous openings, that are thoughtfully framing the lagoon views to create bright, airy homes, while the active commercial frontage brings cafés, restaurants, and outdoor experiences to the doorstep. Above the lively promenade, the residences offer an elevated sense of privacy, delivering the perfect balance between the energy of a thriving waterfront destination and the comfort of an exclusive coastal home
